Xoçai™

The name Xoçai™ (pronounced “sho-sigh”) defines the perfect combination of ingredients found in our unique products!

- “Xo” from the word “Xocolatl” which was the name for an ancient Central American drink.
- “cai” from the exotic Acai Berry from the Amazon Rain Forest, which is considered nature’s most complete food!

CHOCOLATE

For most, Chocolate is pure bliss! Chocolate, however, should be thought of as a vehicle to a better, healthier life – not simply as a comfort food or candy! Pure chocolate is made from the unprocessed seeds of the cacao tree and then crushed into a powder. With a proprietary formula and processing method, Xoçai™ products take this powder and cold-press it into a delicious “melt-in-your-mouth” decadent Belgian Chocolate! Cacao in its unheated and unprocessed pure form is the #1 most potent antioxidant superfood on the planet without the bad fats, waxes, fillers, dairy, sugar and caffeine associated with other chocolates!

ACAI BERRY

The Acai Berry is the 2nd highest source of antioxidants in the world! It is also a superfood rich in amino acids, essential fatty acids, iron and protein. Only the most nutrient-rich, freeze dried Opti-Acai powder is used in the Xoçai™ product line!

CHOCOLATE & ACAI = THE PERFECT COMBINATION

The combination of the two most powerful antioxidant rich compounds Cacao and Acai in Xoçai™ products. Enjoy 3 times per day and this may just be your key to OPTIMUM HEALTH!
